at the Registered Office of the Company at
8/9th Mile, Tumkur Road, Bengaluru - 560 073.

CHAIRMAN'S MESSAGE

Dear Shareholder,

On behalf of the Board of Directors, it is my pleasure to present the 50th Annual Report of Kennametal India Limited.

It has marked another milestone to Kennametal India's history completing 50 years of dedicated service in the Engineering Industry. Your continued trust, encouragement and support is what gives us energy, enthusiasm, confidence and motivation to strive for betterment.

We observe that the world economy is going through an uncertain phase, but we still remain optimistic about the future. Europe is still trying to resolve its economic challenges and now, we are not getting good news from Asia Pacific as well. India needs a boost of confidence and investor-friendly moves from the Government to restore the country to a faster growth trajectory.

In a world grappling with sluggish growth, India is steadily accelerating the pace of economic development, thanks to the new Government's growth-oriented policies. In the April-March period of FY 2014-15, the IIP grew by 2.8%, compared to the contraction of 0.1% during the same period of FY 2013-14. Cumulatively, the IIP registered a growth of 3.5 % during April to July, 2015-16 over corresponding period of previous year. Positive sentiments attracted FDI inflows of US\$ 35 billion into the economy, a 26% escalation in FY 2014-15.

The recent forecasts for below normal monsoon coupled with the slow pick-up in industrial activity, and gloomy global market could lead to challenging demand conditions in the domestic market. However, over the long term, your Company is confident of the growth prospects of the engineering industry, both in the domestic and the international markets. With this confidence, your Company has planned to increase capacities of certain production lines in your Company to meet future demand of domestic and international markets.

The steady growth in our economic environment has reflected in the overall performance of your company which registered an annual turnover growth of 4.6% and profitability growth before extra-ordinary items and tax of 34% over previous year primarily driven by efficient sourcing of raw materials and cost management projects executed during the year. Your Company received the land compensation amount of ₹ 591 Lakhs including interest after Tax deducted at source from the City Civil Court towards the acquisition of the part of land in Sy No. 11 by the Karnataka Industrial Areas Development Board (KIADB) for Bangalore Metro Rail Project.

The Government's "Make in India" initiative augurs well for the economy in general and the manufacturing sector in particular. This initiative aims to increase the sector's contribution to the GDP by removing the bottlenecks that had so far restricted growth. There is more focus on indigenous manufacturing of components or products, which hitherto were imported. Such a scenario will help the domestic engineering, automotive and allied sectors to perform encouragingly, going forward.

Since last year, the Boards' Report contained in the Annual Report which is made available to you, continues to be far more comprehensive and gives an in depth and detailed analysis of your Company's financial and operational performance.

During the year, the Ministry of Corporate Affairs (MCA) and Securities Exchange Board of India (SEBI) changed the governance landscape by notifying majority of the provisions of the Companies Act, 2013 and Rules thereunder and the SEBI Listing regulations. Some of the concepts like approval of related party transactions, evaluation of the performance of Directors and the Board, rotation of auditors, Code for Independent Directors, increased responsibility of the Nomination and Remuneration Committee

and the Audit Committee in order to ensure higher standards of transparency and accountability and seek to align the corporate governance practices in India with global best practices. Your Company's corporate governance standards have strengthened over the period of years and your Company will continue to follow good practices to enhance stakeholders' value.

Your Company has focused on its Corporate Social Responsibility agenda and undertook various initiatives to touch and improve lives by contributing to communities that your Company operates in. Your company focuses its giving in order to achieve a greater impact on those causes most aligned with Kennametal's corporate strategy. Three primary categories have been established for giving which includes the support of Secondary and Post-Secondary Educational opportunities with an emphasis on studies in the areas of technical engineering, machine skill training and materials and environmental sciences, Kennametal in the Community and Protecting Our Planet. In FY15, Your Company focused in the areas of education, Health and Water Management to create measurable and lasting value for neighboring communities. Your Company has adopted a project "Nisarga Gram" which is being executed by Sparsha Trust for building a home for underprivileged children more specifically girls.

Our employees are our biggest assets. On behalf of the Board of Directors and on your behalf, I profusely thank the employees for their aspiration, focus on customers, hard work, commitment and teamwork. I also place, on record, our deep appreciation of the customers, vendors, partners shareholders and bankers for their continued support.

I thank the members of the Board, for their continued guidance in making our organization successful in every sphere. As I complete a year of my tenure as the non-executive Chairman of your Company, I am grateful for the opportunity to guide your Company on its growth path. I wish the entire Kennametal team great success in their pursuit of excellence and in their journey for the growth of the Company.

Thank you,

Prakash M.Telang

Chairman

Annexure I to the Board's Report

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. Industry Structure and Developments / Opportunities and Threats

Your Company is engaged in providing innovative wear resistant solutions across diverse sectors like transportation, earthworks, energy, infrastructure and aerospace. Kennametal solutions are built around industry-essential technology platforms, including precision-engineered metalworking tools and components, surface technologies and earth cutting tools that are mission-critical to customer operations battling extreme conditions associated with wear fatigue, corrosion and high temperatures. The Company's reputation for material and industrial technology excellence, as well as expertise and innovation in development of custom solutions and services, contributes to its leading position in its primary industrial and infrastructure markets. End users of the Company's products include manufacturers, metalworking suppliers, machinery operators and processors engaged in a diverse array of industries.

Our product offering includes a wide selection of standard and customized technologies for metalworking, such as sophisticated metal cutting tools, tooling systems and services, as well as advanced, high-performance materials, such as cemented tungsten carbide products, super alloys, coatings and investment castings to address customer demands. The Company offers these products through a variety of channels to meet customer-specified needs.

Your Company specializes in developing and manufacturing metalworking tools and wear-resistant engineered components and coatings using a specialized type of powder metallurgy. Metalworking tools are made of cemented tungsten carbides, ceramics, cermets and super-hard materials. Your Company also manufactures and markets a complete line of tool holders, tool-holding systems and rotary-cutting tools by machining and fabricating steel bars and other metal alloys. In addition, your Company produces specialized compacts and metallurgical powders, as well as products made from tungsten carbide or other hard materials that are used for custom-engineered and challenging applications, including mining and highway construction, among others.

The Indian Economy continues to be challenging though various visible steps have been taken by the Central Government in order to improve the economic conditions in the country. The GDP grew at 7.3% in 2014-15 and was marginally better than the prior year growth of 6.9%. The IIP (Index for Industrial production) which is barometer for manufacturing activity in the country made a steady but limited recovery at around 2.8%. At this stage,

visible policy changes to drive up Manufacturing and Infrastructure sectors does give hope for growth in these sectors in coming years. Almost all industries ranging from Manufacturing, Mining, Electricity & basic goods grew marginally over prior year.

One of the industries which was badly affected in the prior year was the automobile industry, with which your Company is very closely associated. This industry again had limited growth in 2014-15 with passenger cars growing at 5% (2014-15) and commercial vehicles growing at 6.3% (during October 14 - March 15). Leading indicators such as the HSBC PMI however showed some positive sentiment with the same being above 50 levels for a large part of the financial year. One sector which did see a significant decline is the tractor industry which had a YOY (Year On Year) negative growth of 18 to 19% in 2014-15. Your Company also has a large dependence on Medium and Heavy commercial vehicles sector and has been benefitted by its limited recovery though the tractor industry did impact on the negative side. The unfriendly tax regime continues and the mood and direction at higher levels of the Government is yet to translate into ground reality. Net FII inflows during the 2014-15 fiscal year improved from \$34.4 Billion to \$45.7 Billion and this improvement shows positive investor sentiments. As a result, the Rupee (₹) was a little less volatile in FY15 but has thereafter weakened again to 65-67 levels.

While the Indian economy continues to be optimistic, there is a need to be realistic in terms of the Government's ability to quickly turnaround the economy. Key bills on GST and Land reforms struggle to get cleared through the upper house. The intent of the Government is clearly in the right direction with initiatives such as Make in India, agricultural and mining reforms, focus on power, railways and roads, though it will take another 12-14 months for a visible impact at the ground level.

As conveyed to the shareholders in our last annual report, your Company remained focused around specific initiatives to improve the financial performance and the same has resulted in delivery of good results during FY15. This approach of focusing around specific initiatives to improve the financial performance would continue in the Financial Year 2015-16 as we do not expect any significant support from the economy, especially in the sectors which are key to your Company's growth. In our view it will take at least another 12-14 months before the initiatives around manufacturing, infrastructure, roads, railways etc. start showing their beneficial impact at the ground level. Your Company continues to engage in moving up the value chain in the infrastructure side of the business by focusing

Annexure I to the Board's Report

on more value added products and phasing out commodity products with lower profitability. There has also been a strategic shift during the financial year to focus more on Exports to deliver the double benefit of natural currency hedge and business growth. Your Company will be making the required investments in this direction in coming years.

2. Operations

Your Company continues to consolidate and deliver better financial performance year over year despite the challenging economic scenario. Sales grew by 4.6% YOY and the operating profit (excluding Corporate Social Responsibility expenses and exceptional items) grew by 37%. To achieve this result your Company focused around initiatives to improve both the top line and the bottom line. Transportation and Aerospace sectors contributed to the growth of Hard metals business while the Machine Tools business focused around reduction of raw material costs besides improving the product mix. Your Company put in place a dual brand strategy (i.e Kennametal & WIDIA) in the cutting tool market a couple of years back and we continue to leverage the same strategy. We now have two strong brands competing in the market and gaining share. There was a significant amount of work around improving the distributor network and address the white space for gaining additional business. While we focus around retaining the existing market share we intend to deploy additional resources around, growing and newer markets such as energy, aerospace and auto components. Your Company continues to leverage the initiatives started during FY14 such as NOVO, Productivity optimization and component specific solutions. To retain consistency and gain expertise we consolidated these strategies further in FY15 to deliver productivity to customers. The Conforma Clad product portfolio had the best year so far delivering a top line of more than ₹ 1000 Lakhs, which is a YOY growth of more than 15%. The Stellaram product portfolio bridged the product gap in turbine blade machining applications and helped us to penetrate through to some of the big energy segment customers.

During the year your Company launched a few more initiatives in addition to the ones launched in the prior year to be competitive and consolidate in the market place. A few of them are worth noting:

Focus around Asia markets (Hard Metals):

Kennametal intends to leverage the low cost base of Bengaluru manufacturing to export to other countries across Asia. This initiative not only helps the Company to

address the markets outside India but helps us in currency risk mitigation. Your Company has committed resources in FY15 and intends to invest further in coming years aggressively. Kennametal India believes that the export market can grow at a much faster pace with support from the strong network of group companies across the world.

Leverage EcoGrind:

EcoGrind sales made a significant contribution to the Machine Tools business during FY15. The EcoGrind tool grinding machine is a CNC 5axis Tool and cutter grinding machine used for manufacturing and re-sharpening of tools such as Drills, End mills and Cutters. It is highly specialized machine capable of producing complex profiles of cutting tools. The machine can grind both Carbide and HSS tools. Your Company would leverage this product line further both within India and outside India.

Tool Boss Services:

Tool Boss is a tool vending machine and helps customers in secured storage of tools and supplies. These storage units can be used alone or together and offer secure inventory control, accountability of tools usage and flexibility in storage options. During FY15 the Tool Boss scheme gained significant traction and improved commitment from existing customers. This initiative is a shared reward program where the Tool Boss is provided to customers free upon commitment of certain volumes. The Company has so far installed 19 such "Tool Bosses" across India and the same has helped the Company in retention as well as gain share at these customers.

After Market Services in Machine Tools:

Services business has been one of the focus areas for your Company in FY15 in the Machine Tool segment. This initiative focusses around:

- Annual maintenance contracts with our key customers,
- Machine adaptations for new model / changes at customer end
- Services on machines supplied
- Spare parts sale

Branding continues to be an area of focus for Kennametal. Your Company participated in the IMTEX which is the largest machine tool exhibition in India during January 2015. The Company displayed all three brands i.e Kennametal, WIDIA and WIDMA and received a favorable response from the customers for all its range of new products and services exhibited. **Our ECOGRINDVX5 received the FIE award for being the most innovative indigenously designed and manufactured machine in India.**

Annexure I to the Board's Report

New products and innovations continue to be the DNA of the Company. During January, 2015, your Company launched a range of new products called "INNOVATIONS" for the Kennametal brand and "ADVANCES" for the WIDIA brand. The sales from new products introduced in the last 5 years continue to be greater than 40% in FY15 as well.

During the year, capacity utilization improved across the product lines. Wear products and Machine Tools operated at full capacity while the metal cutting product line did have some capacity to be utilized. Capital investments remained subdued in FY15 as well. The Company continues to do critical evaluation of new investments to ensure best returns in the most profitable segments/products. With the economic scenario looking up in the future, the need for investing into new capacities might arise in the near future.

3. Segment-wise performance / reporting

Your Company's business has been categorized into two broad segments in line with Accounting Standard 17 – Segment Reporting. The primary segments and secondary segments have been categorized based on the nature of the products and services offered by the Company and the business risks associated with the above products / services in markets served.

The primary segments for financial reporting continue to be:

- (i) Hard Metal Products
- (ii) Machine Tools / Machining Solution Group (MSG)

Apart from the primary business segments, the secondary segmental reporting is on the basis of the geographical locations of the customers viz. domestic and international. Common allocable costs are allotted to each segment to the extent of services utilized and activities involved.

4. Company's Outlook

For fiscal year 2015-16, the Company's outlook reflects ongoing market uncertainties as well as the limited visibility related to customer demand trends. We do not expect demand to grow beyond single digit levels in the coming year. Considering the fact that there is not much leverage from the economy, the management continues to focus around customer specific initiatives to drive growth. As in FY15, profitability improvement will be the key focus area for FY16 as well. In this direction your Company will continue to take decisions around products, markets and customers which will improve the mix to

enable us to grow the profitability. However, your Company could also see some pressure on profitability on account of wage increases in the upcoming periodic wage settlement with the unionized workforce.

At this stage, the time frame for buoyancy in the economy is uncertain and any improvement would only help the Company to better its performance in future.

5. Internal control systems and their adequacy

Elaborate and Clear processes have been put in place to ensure that your Company has appropriate and sufficient controls for efficient and effective conduct of business. The approach is broadly around three phases:

1. Identify and review the process universe
2. Assess each process's inherent risks
3. Define the frequency of evaluation and audit, keeping in view past findings and risks identified in step 2. While deriving the frequency the high risk processes are covered every year and every process at least once in three years.

The Companies Act, 2013 brings in an additional responsibility on the Board with respect to establishment of appropriate control systems in the Company. Section 134 of the Companies Act, 2013 requires the Board/Audit Committee to certify the design and operating effectiveness of the Internal Financial Control mechanism in the Company applicable w.e.f. FY15. Your Company did an exhaustive exercise with support from the Internal Auditors to understand the design and effectiveness of the controls in place during May, 2015. In total, 713 controls were identified across various processes and tested for their effectiveness. These results were presented to the Audit Committee of the Board for their inputs and review. The Management is happy to report that your Company's design and effectiveness of the controls has been of a high order with minimal gaps for which also a mitigation plan is in place.

6. Risks and Concerns

Your Company has put in place an elaborate Enterprise Risk Management process wherein the risks faced by the Company are identified under four categories i.e Strategic Risks, Operating Risks, Reporting Risks and Compliance Risks. The risks and the actions to mitigate these risks are presented to the Risk Committee of the Board for its review and guidance twice in a year.

Annexure I to the Board's Report

The following table contains the significant external risks identified during the risk analysis process, impact on the business, and action taken/planned to mitigate these risks:

Sl. No.	Risk	Impact on the business	Action Plan to Mitigate
1	Slow Economic Recovery	The topline under pressure due lack of demand	1. Deployment of specific initiatives to grow the business 2. Focus around the export markets to generate more revenues
2	Aggressive pricing and Competition from Asian players	Pressure on top line and profitability	1. Continue the localization efforts 2. Continue the cost control measures to maintain profitability
3	Rupee Depreciation	Cost of imports to go up resulting in profitability pressure	Use India as manufacturing location for requirements of Asia as well as rest of the world to provide a natural hedge. This is in addition to the hedging policy already in place.

7. Financial performance

Your Company has delivered a sale of ₹ 57025 Lakhs in FY15 which is YOY growth of 4.6%. Both the segments i.e Hard Metals and Machine Tools delivered single digit growth rates of 5.4% and 1% respectively. The Key highlight for FY15 has been the significant improvement of the profitability. Your Company delivered an Operating Profit (Earnings before Interest and Taxes before exceptional items) of ₹ 3994 Lakhs which is a growth of 34% compared to FY14. The sales growth has largely been driven by transportation and aerospace segments while the profitability has been achieved through the following actions:

1. Efficient sourcing of raw materials
2. Reduction in power cost through efficient usage of grid power (saving of ₹ 400 Lakhs)
3. Improvement in product Mix in Machine tools business. The Fixtures business did much better than the Special Purpose Machines (SPMs) and the service income more than doubled to ₹ 500 Lakhs. Fixtures

generally have lower content of raw material costs compared to special purpose machines.

4. Efficient cost control efforts during the year in areas like freight, travel etc.

Gross Margins have improved in the range of 100-200 bps in most of the businesses in the Hard Metals segment. However the margin improvements in Hard Metals segment has been offset partially by the IMTEX exhibition expenses which happens every alternate year. Your Company continues to aggressively pursue localization efforts not only to leverage the Indian market but other markets across the world.

During the year the Machine Tool business sales growth has been flat and it is largely on account of low capital spend by various customers. The Two wheeler industry which has a significant contribution to the Machine Tool Business top line was flat after 5-6 years of growth. Your Company will continue to further consolidate the strategy put in place for the Machine Tools business to sustain the profitability improvement delivered in FY15.

Annexure I to the Board's Report

As always your Company continues to maintain optimized working capital deployment into the business. The primary working capital as a % to sales came down significantly from 21% in FY14 to 17% in FY15. This has been largely possible due to excellent collections, very good control on inventory and improvement in payment terms with the vendors. DSO (Days of Sales Outstanding) has come down from 63 days in the prior year to 58 days in FY15. Inventory reduced by 2% YOY despite an increase in the topline by 4.6%. Your Company continues to have clean receivables and the provision for doubtful debts is minimal at 1% to the total value of receivables.

Return on Capital Employed (without cash and bank balances) has bounced back to 15% levels and has been on an improvement trajectory from the lows of FY13. Because of the significant reduction in primary working capital coupled with better profitability, the cash flow has been outstanding during the year. Net cash flow generated during the year was ₹ 3920 Lakhs (after dividend) compared to ₹290 Lakhs in FY14. As a result of this significant improvement in the cash flows, your Company has been able to reward the shareowners with a dividend of 20% and remain a debt free Company in FY15 as well. Your Company will strive to continue the prudence in financial management in forthcoming years as well.

8. Material Developments in Human Resources and Industrial Relations

Our ability to "Deliver the Promise" to our customers is highly dependent on the Competency and Motivation of our employees. Obviously, our employees are our most valued assets. All the Human Resource Processes are focused towards attracting, developing, and retaining talent so as to drive high levels of employee engagement and ensuring a Performance driven culture.

Highlights for FY 15:

- We continued with our Focus on acquiring the right talent at the right time in the right position. Our hiring strategy has been to ensure a Talent Pipeline which is available as and when we are in a need to hire fresh Talent. Also, ensuring that we have a robust Internal Job Posting process and working with very few external consultants, we have ensured that the Lead time to hire is well within the accepted time limits. This, with the end in mind of ensuring business continuity and customer satisfaction.
- The focus on driving a Performance Culture through the Performance Management System was enhanced and this was ensured through the Performance Planning & Management Process.
- Building a Strong Knowledge abled Sales force is part of our Growth Strategy. This includes the training and development of Kennametal as well as Distributor Engineers. On the Technical Training front, there were 32 events which were conducted throughout the year at various locations, including Onsite events at Ford & IMTMA. Apart from our Kennametal Sales Engineers, our Technical Training programs were attended by 718 participants from customer teams and about 122 Engineers were nominated by our Distributor teams.
- In addition to the Technical Programs, we also conducted Programs to strengthen the Leadership Capability among Kennametal mid and front line teams through the Supervisor Development Program and the Transforming Leaders Program. These programs are aimed at developing the innate ability of our employees to develop themselves better as an individual and as a professional, thereby enabling them to drive a performance driven culture in the Organization.
- Industrial Relations at Kennametal has been very peaceful through the year. A unique outbound workshop on Union Leadership Development was conducted during the year to signify the role of Union Leadership in a fast changing Business environment. Through the year, Management has ensured that the Union is well apprised of the Business through Monthly and Quarterly communication meetings.
- The Current Wage Agreement has expired on June 30, 2015. Both the Management and the Union are actively engaged in the negotiation process. The Negotiation process has been progressing at good pace with co-operation from all the teams.
- We continued our Focus on action plans on the Voice of Employee (VOE). During the year, your Company organized On Your Mind (OYM) sessions with various teams across locations to connect with the employees as well capture employee thoughts and ideas.
- The total number of persons employed in your Company as on June 30, 2015 was 815.

REPORT ON CORPORATE GOVERNANCE**Corporate governance philosophy and compliance**

Your Company's philosophy is based on a belief that good Corporate Governance helps to enhance Stakeholders' value by focusing on long-term Stakeholder value creation without compromising on integrity, social obligations and regulatory compliances. The Company's Management firmly believes that good Corporate Governance should be internally driven and not be looked upon just as an issue of compliance dictated by statutory requirements. Your Company has complied with the mandatory and non-mandatory requirements relating to Corporate Governance prescribed under Clause 49 of the Listing Agreement, as detailed below:

I. Composition of the Board

The Board of Directors has 7 members (as on June 30, 2015), including the Managing Director and 6 Non-Executive Directors who bring in a wide range of skills and experience to the Board. The Company has a Non-Executive Chairman and the number of Independent Directors is more than one-third of the total number of Directors. The Chairman is neither a Promoter of the Company nor he is related to any Promoter or person occupying Management positions at the Board level or at one level below the Boards as defined under Clause 49 of the Listing Agreement. Thus the composition of the Board is in conformity with Clause 49 of the Listing Agreement.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014]

A] Conservation of Energy

Your Company continued to undertake various energy conservation initiatives during the year. Some of the energy conservation measures taken by the Company are given below:

a) Energy conservation measures taken during the year -

- Compressed Air Audit facilitated in reducing Compressed Air consumption by 8 % by arresting the leakages and incorporating improvements
- Energy Efficient LED Fixtures were installed in the Company. Replaced Air-conditioners with Energy Efficient star rated Air-conditioners
- Installed Occupancy Sensors in meeting rooms to ensure lights being switched off when the rooms are not occupied
- Installed Solar Lux controllers in street lighting system to reduce power consumption
- Energy Efficient Dust Collectors were installed in the Powder Preparation Area
- Upgraded Energy Monitoring Software to improve Energy Management Information System which helps in better scheduling of power loads
- During Holidays and Sundays Energy Audit was conducted to ensure optimum use of energy
- Specific Power Consumption in sintering furnace was reduced by 3.5 % by improved Furnace loading
- The Vacuum Pumps in Sintering Furnaces were incorporated with Variable Frequency Drive to reduce power consumption

In order to reduce the expenditure towards energy, Six Nos. of 400 KVA UPS systems were installed in distribution system with an investment of ₹ 260 Lakhs. This enabled the switching off of the 2 MW DG Set, which was operated for catering to critical loads, thus increasing the use of grid power from 36% to 99.8% resulting in reducing power cost by ₹ 400 Lakhs per annum.

b) Additional investment and proposals, being made to reduce energy consumption:

The following proposals with an investment of ₹ 80 Lakhs are being considered for implementation in FY 16 which in turn are expected to reduce energy consumption by 4.5%:

- a) Replacement of Chillers in cold water system to reduce power consumption.
- b) To Conduct Energy Audit of the Company by engaging Energy Experts.
- c) To evaluate the use of Solar Power in the Company

c) Impact of the measures taken above for reduction in energy consumption and consequent impact on the cost of production of goods:

- Due to the aforesaid energy conservation projects the Company saved approximately 11.2 Lakhs units in FY15 and the energy bills of the Company was reduced by ₹ 400 Lakhs.
- It helped in reducing the electricity load by 50 KW in the Company.
- The Project facilitated reducing furnace oil consumption by 2800 KL per annum thus reducing the Carbon Dioxide emission in the Company by 8000 Tons per annum.

B] Technology Absorption

a) Research & Development (R&D)

The Research, Development and Engineering (RD&E) of your Company continues in its endeavor to indigenize products and develop with specific focus on materials, coatings and designs in collaboration with the parent company, Kennametal Inc., to reduce cost, improve product efficiency, and enhance performance of its products.

The RD & E department of your Company has the following objectives:

- a) Development of new range of products contributing to better market penetration, conversion and retention.
- b) New Process Development & Improvement in Powder Manufacturing, Pressing, Sintering and Coating.
- c) Support to Manufacturing for improved quality and reduced cost of production for better customer experience.

Form No. MR-3 SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 30.06.2015

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members, Kennametal India Limited

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Kennametal India Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 30.06.2015 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Kennametal India Limited for the financial year ended on 30.06.2015 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buy back of Securities) Regulations, 1998;
- (vi) There are no other specific laws applicable to the Company.

Annexure IV to the Board's Report

I have further reviewed the systems and mechanism established by the Company for ensuring compliance under the other applicable Acts, Rules, Regulations and Guidelines prescribed under various laws which are applicable to the Company and are categorized under the following major heads/groups:

1. Factories Act, 1948;
2. Labour laws and other incidental laws related to labour and employees appointed by the Company including those on contractual basis as relating to wages, gratuity, prevention of sexual harassment, dispute resolution welfare, provident fund, insurance, compensation etc.;
3. Industrial (Development Regulation) Act, 1991;
4. Acts relating to consumer protection including the Competition Act, 2002;
5. Acts and Rules prescribed under prevention and control of pollution;
6. Acts and Rules relating to Environmental protection and energy conservation;
7. Acts and Rules relating to hazardous substances and chemicals;
8. Acts relating to Electricity, fire, petroleum, drugs, motor vehicles, explosives, Boilers, etc.;
9. Acts relating to protection of IPR;
10. Land revenue laws; and
11. Other local laws as applicable to various plants and offices.

I have also examined compliances with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India (came into effect from 1st July, 2015; hence not applicable for the financial year ended 30.06.2015).
- (ii) The Listing Agreements entered into, by the Company with the BSE Limited (BSE).

I further state that during the period under review and based on my verification of the records maintained by the Company and also on the review of compliance reports/statements by respective department heads/Chief Financial Officer/ Company Secretary taken on record by the Board of Directors of the Company, in my opinion, adequate systems and process and control mechanism exist in the Company to monitor and ensure compliance with applicable labour laws, environmental laws and other applicable laws as mentioned above. Certain non-material findings made during the course of the audit relating to Labour Laws were addressed suitably by the Management.

I further report that I have not reviewed the applicable financial laws, direct and indirect tax laws since the same have been subject to review and audit by the Statutory Auditors of the Company.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors which took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes as per the practice followed. However, during the period under report, there was no such case instance.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

Annexure VIII to the Board's Report**ANNUAL REPORT ON CSR ACTIVITIES****Applicability of the Companies Act, 2013**

Pursuant to Section 135 of the Companies Act, 2013 and the rules made thereunder, your company has constituted Corporate Social Responsibility (CSR) Committee to effectively monitor CSR activities of the Company. Further, the Companies (Corporate Social Responsibility Policy) Rules, 2014 lays down the framework and approach for carrying out CSR activities which are specified in Schedule VII of the Act.

I. Brief Outline of Company's CSR Policy

Your Company's CSR policy is in line with CSR activities permitted by Companies Act, 2013 and Rules made thereunder.

Kennametal India Corporate Social Responsibility strategy is in line with the guidelines adopted by our ultimate holding Company Kennametal Inc. Kennametal has several policies and standards in place in line with our core values, covering business ethics and governance, the Code of Conduct, and policies such as Environment, Health, and Safety (EHS); Quality; Living Our Values, Protecting our Planet.

Your Company's Corporate Social Responsibility is focused on enhancing the lives of the local community in which it operates. This takes shape by way of providing new skills and in general, creating a better quality of life for the people in the communities in which the company operates. We strongly believe in contributing towards the betterment of society and endeavor to create a positive impact, while achieving our business goals.

Kennametal focuses on these areas:

- a) **TechEdNet towards promotion of education** - Includes the support of Secondary and Post-Secondary Educational opportunities with an emphasis on studies in the areas of technical engineering, machine skill training and materials and environmental sciences.
- b) **Kennametal in the Community:** We focus on the importance of our employees' volunteering in the communities where they live and work. We encourage and recognize volunteerism as a key component of our culture. The goal is to create a partnership in which a community organization may be supported monetarily by the Company when it offers a significant volunteer opportunity for our employees.
- c) **Protecting Our Planet** - providing sustainable solutions by reducing the total environmental impact of our products and operations. We will protect our planet by continuously improving our management of energy and natural resources, promoting recycling and recovery of materials, and preventing pollution across our global footprint.
- d) Kennametal Employees actively volunteer in the activities of Sparsha Trust. "NERALU" is an NGO which has brought new hope and opportunities for a bright future into the lives of around 500 underprivileged kids in the past 5 years. Kennametal has joined hands with this organization to attain the aims and objectives of:
 - Eradication of Child Labor
 - Helping poor children to get access to quality education
 - Empowerment of street children and women by providing them with education and skills-oriented training
 - Providing Medical support to poor families in the surrounding areas

Kennametal India support the project Nisarga Grama (A permanent shelter for minimum 500 underprivileged children) which is in a good progress. Sparsha trust received a State award as "Best NGO Award 2014" from Chief Minister on June 12, 2014.

INDEPENDENT AUDITORS' REPORT

To the Members of Kennametal India Limited

Report on the Financial Statements

1. We have audited the accompanying financial statements of Kennametal India Limited ("the Company"), which comprise the Balance Sheet as at June 30, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the Accounting Standards and matters, which are required to be included in the audit report.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at June 30, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by 'the Companies (Auditor's Report) Order, 2015', issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on June 30, 2015, taken on record by the Board of Directors, none of the directors is disqualified as on June 30, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at June 30, 2015 on its financial position in its financial statements – Refer Note 26.
 - ii. The Company has long-term contracts as at June 30, 2015 for which there were no material foreseeable losses. There are no long-term derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended June 30, 2015.

Annexure to Independent Auditors' Report

Referred to in paragraph 9 of the Independent Auditors' Report of even date to the members of Kennametal India Limited on the financial statements as of and for the year ended June 30, 2015

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- ii. (a) The inventory has been physically verified by the Management during the year. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a) and (iii)(b) of the Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed there under to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of duty of customs and wealth tax, which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, service tax and duty of excise, as at June 30, 2015, which have not been deposited on account of a dispute, are as follows:

NOTES TO FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Kennametal India Limited ("the Company") incorporated under The Companies Act, 1956, is in the business of manufacturing and trading of hard metal products and machine tools. The Company has its registered office and manufacturing facility at Bangalore and sells its products and services through sales and support offices. The Company is a public limited company listed on the Bombay Stock Exchange (BSE).

2. STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on an accrual basis. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current – non current classification of assets and liabilities.

b) Fixed Assets

i) Tangible assets:

Tangible assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment loss, if any.

Own manufactured assets are capitalised at cost. Cost comprises of purchase price, including import duties and other non-refundable taxes or levies and directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent expenditure related to an item of fixed asset are added to book value only if they increase the future benefit from existing asset beyond its previously assessed standard of performance.

Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful life of the assets, which are different from useful life indicated in Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The estimates of useful life of the assets, based on a technical evaluation, have not undergone a change on account of transition to the Companies Act, 2013.

NOTES TO FINANCIAL STATEMENTS

a. Own assets

Asset	Estimate useful life (in years)
Buildings	25-33
Plant and Machinery :	
Data Processing equipment	3-5
Others	5-10
Office Equipment	5
Furniture and Fixtures	5

Leasehold improvements are depreciated over the useful life of the asset or primary lease period, whichever is lower. Machinery spares of irregular usage are amortised over the estimated useful life of the respective Plant and Machinery. Individual assets costing up to ₹ 5,000 is fully depreciated in the year of acquisition.

b. Leased assets

Assets taken on finance lease are depreciated over its estimated useful life or the lease term, whichever is lower.

ii) Intangible assets:

Intangible assets are recognised only if it is probable that future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised over their estimated useful life.

Operating software is capitalised along with related tangible asset. Application software is expensed off on purchase, except in case of major application software having unit value exceeding rupees ten lakhs or forming part of an overall project, which is amortised over its estimated useful life or project life not exceeding three years.

The amortisation period used for intangible assets are reviewed at each financial year end.

c) Impairment of Assets

At each balance sheet date, the Company assesses whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount. If the carrying amount of the assets exceeds its recoverable amount, an impairment loss is recognised in the Statement of Profit and Loss to the extent the carrying amount exceeds recoverable amount.

d) Investments

Investments that are readily realisable and are intended to be held for not more than one year, from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long term investments are carried at cost. However, provision of diminution is made to recognise a decline, other than temporary, in the value of investments, such reduction being determined and made for each investment individually.

NOTES TO FINANCIAL STATEMENTS

e) Inventories

Inventories are stated at the lower of cost and estimated net realisable value, after providing for cost of obsolescence and other anticipated losses, whenever considered necessary. The cost of raw materials, stores and spares, work in progress and traded goods are ascertained on a weighted average basis, whereas manufactured goods are ascertained on a first in first out method.

Manufactured goods and work in progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

f) Foreign Currency Transactions:

Transactions in foreign currency are recognised at the rate of exchange ruling on the date of the transaction.

Liabilities/ Assets in foreign currencies are recognised in the accounts as per the following principles:

Foreign currency liabilities contracted for acquiring fixed assets are restated at the rates ruling at the year end and all exchange differences arising as a result of such restatement are adjusted to the Statement of Profit and Loss.

All monetary assets and liabilities denominated in foreign currency are restated at the rates ruling at the year end and all exchange gains/ losses arising therefrom are adjusted to the Statement of Profit and Loss.

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Premium or discount arising at the inception of a forward exchange contract entered into to hedge an existing asset/ liability is amortised as expense or income over the life of the contract. Exchange differences on forward contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward contracts is recognised as income or expense for the year.

Forward exchange contracts outstanding as at the year end on account of firm commitment/ highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit and Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March 2008.

g) Research and Development

Expenditure incurred in research phase is expensed as incurred. Development expenditure is capitalised as an internally generated intangible asset only if it meets the recognition criteria under Accounting Standard 26 on Intangible Assets, which inter-alia includes demonstration of technical feasibility, generation of future economic benefits etc. Expenditure that cannot be distinguished between research phase and development phase is expensed as and when incurred.

NOTES TO FINANCIAL STATEMENTS

h) Revenue Recognition

Revenue from sale of products is recognised when risk of loss, title and insurable risk have transferred to the customer, which in most cases coincides with shipment of the related products. Revenue from sale of special purpose machines is recognised upon customer acceptance and despatch. Sales are recognised net of sales returns, trade discount, sales tax and service tax but gross of excise duty, wherever applicable.

Income from services is recognised as the services are rendered based on agreements/arrangements with customers. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend income is accounted for in the year in which the right to receive the same is established.

i) Employee Benefits

i) Short term Employee Benefits:

All employee benefits falling due wholly within twelve months of rendering the services are classified as short term employee benefits, which includes benefits like salaries, wages, short term compensated absences and variable performance pay and are recognised in the period in which the employee renders related services.

ii) Gratuity:

The Company has an obligation towards gratuity, a defined benefit post-employment plan covering eligible employees. The Company has an Employees Gratuity Fund managed by Life Insurance Corporation of India (LIC) and HDFC Life Insurance Company Limited (HDFC). The Company accounts for the liability of Gratuity benefit payable in future based on an independent actuarial valuation (using the projected unit credit method) at the Balance Sheet date.

iii) Provident Fund:

Contributions in respect of Provident Fund are made to a Trust administered by the Company. Interest rate payable to members of the Trust cannot be less than statutory rate of interest declared by the Central Government under The Employees Provident Funds & Miscellaneous Provisions Act, 1952. The Company's liability is determined based on an independent actuarial valuation (using the projected unit credit method) at the end of the year and any short fall in the fund size maintained by the Trust set up by the Company is additionally provided for.

iv) Leave Encashment/ Compensated Absences:

The Company provides for the encashment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment/availment. The liability is provided based on the number of days of unutilised leave at each balance sheet date on the basis of an independent actuarial valuation (using the projected unit credit method) determined at the end of the year.

v) Actuarial gains or losses comprise experience adjustments and the effect of changes in the actuarial assumption, which are recognised immediately in the Statement of Profit and Loss as income or expense.

NOTES TO FINANCIAL STATEMENTS

- vi) Termination benefits are recognised only when the Company is demonstrably committed either to terminate the employment of an employee or a group of employees before the normal retirement age. In the case of an offer made to encourage voluntary redundancy, a liability and an expense is recognised if it is probable that the offer will be accepted and the number of employees that will accept the offer can be reliably estimated.

j) Current and Deferred Tax

Taxes on income for the current year are determined on the basis of provisions of the Income Tax Act, 1961.

Tax expense for the year, comprising current year tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the prevailing taxation laws.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty or virtual certainty, as may be applicable, that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. At each Balance Sheet date, the Company reassesses unrecognised deferred tax assets, if any.

k) Provisions and Contingent Liabilities

Provisions:

Provisions are recognised when the Company has a present obligation as a result of past obligating events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made.

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the balance sheet date and are not discounted to present value.

When the Company expects a provision to be reimbursed, the reimbursement is recognised as a separate asset, only when such reimbursement is virtually certain.

Contingent Liabilities:

Contingent liability is disclosed when there is a possible obligation, arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

NOTES TO FINANCIAL STATEMENTS

l) Leases

Finance Leases:

Assets acquired under lease where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Operating Leases:

Assets acquired on lease where a significant portion of the risk and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the lease term.

m) Segment Reporting

Segment accounting policies are generally in line with the accounting policies of the Company. Further, the following specific accounting policies have been followed for segment reporting:

- i) Segment revenue includes sales and other income directly identifiable with or allocable on a reasonable basis to the segment. Inter-segment transactions are not included in segment revenue and are accounted for at cost.
- ii) Expenses that are directly identifiable with or allocable to segments on a reasonable basis are considered for determining segment results. The expenses, which relate to the Company as a whole and not allocable to segments, are included under "Unallocable Corporate Expenses".
- iii) Income that relates to the Company as a whole and not allocable to segments is included in "Unallocable Corporate Income".
- iv) Segment assets and liabilities include those directly identifiable with respective segments. Unallocable corporate assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

n) Cash and Cash Equivalents

In the Cash Flow Statement, cash and cash equivalents include cash on hand, demand deposits with banks, and other short term highly liquid investments with original maturities of three months or less.

o) Earnings Per Share

Earnings (basic and diluted) per equity share is arrived at based on Profit/ (Loss) after taxation to the weighted average (basic and diluted) number of equity shares.
